

**Prior Learning**

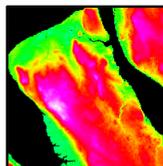

What are the 16 compass points?  
 What can you tell me about time zones?  
 What are the main rivers in the UK?  
 Name and locate at least 8 counties in England.  
 Name at least 6 cities in England  
 Where are the main mountain regions in the UK?

Linking with local history, we will compare land use maps from the past with present use, and map how land use has changed in our local area over time. *Why has the way in which land in Wirral is used changed?*

We will look at the distribution of Wirral's natural resources focussing on energy. *What is renewable energy?*

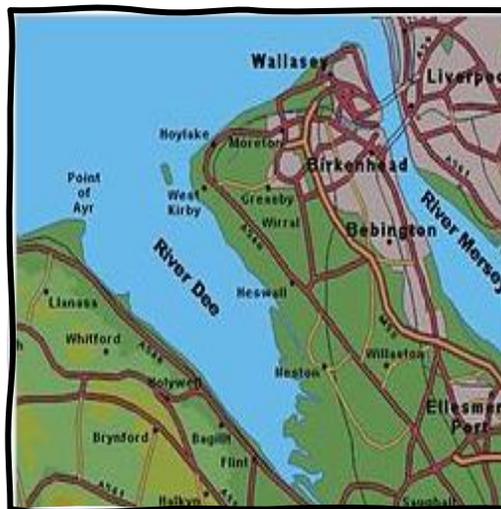

We will name and locate the key topographical features of Wirral including coast, features of erosion, hills and rivers. *How have these features changed over time?*

We will use maps, atlases and digital/computer mapping to locate and describe places and features studied.

We will expand our map reading skills by using the eight points of a compass, four-figure (progressing to 6 figure) grid references and Ordnance Survey maps with symbols and keys. *Why is map reading a useful skill?*

**The Wirral Peninsula**

**Vocabulary Dozen**

<b>human geography</b>	The impact and behaviour of people and how they relate to the physical world.
<b>physical geography</b>	Looks at the natural processes of the Earth, such as climate.
<b>environmental</b>	Relating to the natural world and the impact of human activity on its condition.
<b>topographical</b>	Describes the physical features of an area of land such as mountains, rivers, lakes, and valleys
<b>settlement</b>	The places people live such as villages and towns.
<b>renewable</b>	Renewable energy is made from resources that nature will replace, like wind, water and sunshine.
<b>peninsula</b>	A body of land surrounded by water on three sides.
<b>fieldwork</b>	The process of observing and collecting data about people, cultures, and natural environments
<b>sustainable</b>	A process or state can be maintained at a certain level for as long as is wanted
<b>Greenwich Meridian</b>	An imaginary line that, similar to the equator, divides the earth into eastern and western hemispheres
<b>longitude</b>	The distance east or west of the prime meridian (Greenwich).
<b>latitude</b>	The distance north or south of the equator.

**Ideas to think about...**

Do you think promoting tourism in Wirral is a good idea? Why?

How can we make Wirral more sustainable? What can we do to help protect our wildlife and coastline?

Is wind farming good or bad for Wirral? What is Green Belt land and why is it under threat in Wirral?

**Did you know Wirral is about 15 miles (24 km) long and 7 miles (11 km) wide?**
