

11th June 2021

Dear Parents and Carers,

Our aim at West Kirby Primary School is to ensure that reading is fully integrated across the whole curriculum. Giving all the children as many opportunities to read as possible and supporting the development of reading for pleasure both inside and outside of our school environment.

Ensuring that pupils have access to new and rich literature is a costly task. Many schools have turned to their communities in the hope of kind donations through the use of 'Amazon Wish Lists' as a means of updating and improving school resources. We are hoping that this idea will help to build and update our classroom libraries and continue to enrich our children's literacy diets.

Therefore, we have created an Amazon Wish List for each key stage, using the books that we would like the children to have access to in their classrooms. Additionally, we have also created a Curriculum Wish List, featuring books that are accessible for each key stage.

If you would like to support us with this initiative, please visit our school website, where you will find instructions on how to purchase from the wish lists. The links to take you directly to the Amazon pages for our school are available to click on at the bottom of this page and on our website.

We greatly appreciate your support and generosity to continue to offer our children a broad and balanced reading diet and curriculum.

Please find below the links for our Key Stage and Curriculum Wish Lists:
