11<sup>th</sup> January 2023

Dear F2 Parents & Carers,

Please find attached to this email your child's Interim Report following our autumn term assessments, which took place just before the Christmas holidays.

As you know, we really value your feedback and following our summer 2022 Parent & Carer survey we have amended the way that we structure our Interim Reports and how we present the information to you. We hope that these changes make it easier to understand the assessments of your child and how you can offer further support at home.

At the top of the Interim Report you will find your child's name, their current year group and their class teacher(s).

Next are the assessments for your child in the following areas of the EYFS curriculum: Communication & Language, Personal, Social & Emotional Development and Physical Development (Prime Areas) as well as Literacy and Maths (Specific Areas). Your child has been assessed by their class teacher using a range of different methods, both formal and informal. Your child has been assessed as either Working **Towards** Expected Level or Working **At** Expected Level. This is based on the expectations at this point (December 2022) in the academic year.

Following this you will see a percentage for your child's attendance. This is a percentage based on your child's attendance over the whole of the autumn term (September 2022 to December 2022). 97% is the expected attendance for all compulsory aged school children. We know that there are times when children are poorly and when this is the case the best place for them is at home so that they can make a full recovery. At all other times, your child is expected to be in school to ensure that their attendance is as close to 100% as possible. Holidays should not be booked in Term Time. Please ensure that you have an up to date copy of the Term Dates for this year ([Click here for 2022-2023 Term Dates](#)) or use the calendar on our school website. We ask that all Parents and Carers share and echo the really important message that **'every day counts at school.'** If your child is of compulsory school age and their attendance is under 97%, this will be being monitored and further steps may be put into place in line with our attendance policy ([Click Here for WKPS Attendance Policy](#)). At WKPS we want to ensure that we support all children to be as successful as possible and to do this, they need to have the expected attendance - 97% or above.

At the end of the Interim Report there is a comment made by the class teacher as to how you can support your child further at home. Class teachers have selected elements that they feel would be the most beneficial at this point in the school year.

If you have any questions about your child's report, please do not hesitate to contact your child's class teacher using the key stage email. The key stage email is picked up by the phase leader and may be sent to the relevant class teacher in order for you to receive a response.
